Subject: RE: Drug lab transfer

Hi Linda

Good thinking.

I spoke with Donna. We are both available on June 4th at 1-2, 2:30 – 3:30 or from 4 - 5 and for June 5, we are available 3 to 5. Let me know what dates and times work best for you.

With respect to your question about other attendees, let us think about it a bit. It might make more sense to have an internal meeting first and to broaden the participation as we identify the key issues. I will check with AAG Natalie Moore to see if she might join our initial discussion. Anyway, let's start with solidifying the date for first meeting and go from there.

Steve

Subject: Drug lab transfer

Hi Steve and Donna:

Would you happen to be available on June 4 or June 5 to discuss with us the imminent transfer of the DPH drug lab to EOPS (July 1, 2012)? Specifically, what we should do about ongoing legal cases that involve requests for investigation or personnel documentation. If neither of those two dates work (these are the only dates in the next 3 weeks that Julie and I are both in town), could you propose some alternate dates? And please let me know if there are other people who should be included.

Thanks,
Linda
